AMBULANCE MUST BE REPLACED

Robert Moore, chairman of the Ambulance
Committee, reported to Selectmen that a
state inspector had inspected the Matta-
poissett Pontiac ambulance on December
15 and found it well maintained and well
equipped but, nevertheless, according to
the state law it cannot be used after July
1, 1977. The Ambulance Committee had
requested the inspection with the hope
that the present ambulance could be kept
in service under a Class II permit beyond
that deadline. The inspector found no
fault with the ambulance except it does

not meet the technical language of the regulations. These regulations were drawn up to exclude the use of police station wagon cruisers as emergency ambulances. Those drawing up the regulations did not take into account the well equipped "cadillac type" of ambulance which therefore is excluded under the same language.

Moore said that if the town is to continue ambulance service after July 1, 1977, a modular ambulance would have to be put into service. He said that in December he had called Boston to inquire if any Federal funds are available to help the town acquire such a vehicle and had found only EMS radio system funds available. Since this area is not ready for telemetry the cost of this expensive system cannot be justified he explained. Tobey Hospital has limited capacity and St. Luke's Hospital is not ready for V.H.F. radio at present and need much more training for telemetry.

Moore said he went to Boston and was informed that the State had rescinded their contract with Park Superior Ambulance Company which made a modular ambulance acceptable to the Mattapoisett committee. The

State, he found, had awarded its contract to Modular Ambulance of Texas which produces a vehicle not acceptable to the Mattapoisett committee.

The Selectmen told Mr. Moore that they recommend that Mattapoisett proceed on its own to draw up the specifications and invite the bids at the earliest date. There was discussion of the disposition of the Pontiac ambulance and bids will be drawn with and without trade.

COUNCIL ON AGING BUDGET

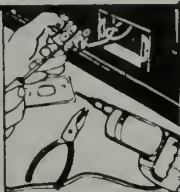

Council on Aging members met with Selectmen to explain increases in that budget for 1977-78. Chairman Paul Kelley said that the total requested of \$9,150.00 amounts to about \$10. per senior. He said the town has always been very generous in its youth programs and the Council feels that the projected program for seniors is modest in comparison. Kelley explained that the greatest increase is the salary for the bus driver in the budgeted amount of \$3300. and maintenance, fuel and upkeep for the bus of \$1700. The rent for the Legion Hall is budgeted at \$2000. and \$1500. is for the senior lunch program. Kelley said that \$1300. was re-

ceived last year in the form of a grant to pay the bus driver which amount ran out in November. He said that a grant has been applied for and if it goes through, that amount

will be used toward the bus driver's pay. In addition to the mini bus used, the Council would like to run an all-day bus trip per month for out of town outings. The cost would be \$150. per trip for hiring a large bus. Kelley said that this budget was strongly supported by Council on Aging members who would defend it in town meeting.

CIVIL DEFENSE BUDGET

Paul Kelley, Civil Defense Director, outlined the Civil Defense budget to Selectmen. The amount of \$2539.72 is the same as last

year. Kelley said that the role of the C.D. is to respond to emergencies and disasters. He said that the C.D. program is required by State and Federal mandate.

The salary for Director allotted in the projected budget is \$439.72 which includes a step increase. Kelley said that in cases where part time service is performed he did not see why a step increase is necessary since such duty is performed as a service to the town rather than for financial reward.

RETIREMENT UP

Selectmen were notified that Mattapoissett's share of the Pension Fund and expense fund is \$54,288.00 for fiscal year 1977-78. This is an increase over the previous figure of \$51,117.00.

POPULATION ESTIMATE

Selectmen estimated the town population at 8,800 for 1977 to determine a quota required for the granting of seasonal package store licenses.

DOG PROBLEM EXPLORED FURTHER

Selectmen continued to explore means of confining dogs collected in violation of the town's leash law. Fairhaven has advised Executive Secretary Stephen Lombard that they have no capacity to handle any more dogs. Wareham has given a tentative proposal of \$7. for dog pick-up, \$7. for destroying dogs and \$3. for boarding. This proposal is dependent on the Wareham Board of Selectmen's approval.

INSURANCE FIGURE DISCUSSED

Selectmen have instructed Executive Secretary Stephen Lombard to contact surrounding towns to inquire about general liability coverage policies. The quote of \$5,000 per \$1 million for a town general liability umbrella policy was considered excessive. This policy excludes Selectmen.

CONSERVATION INSPECTION

Selectmen conferred with A.D. Tinkham and David W. Hewitt of the Conservation Commission regarding their request to permit the Conservation Commission to preview building permits. They agreed on a procedural memo to the building inspector to give the Conservation Commission a 7-day period to inspect sites before the building permit is issued. The Conservation Commission seeks to determine whether or not sites are wetlands.

Among these guests were: Mr. Elofson, Mrs. MacQuillan, Mrs. Tilden, Mrs. Beaulieu, Mrs. Hardy, Mr. Cushman, Mr. Tripp, Mrs. Santos, Mrs. Johnson, Mrs. Cadden. Clubwomen to Meet

TO CONDUCT

INTERNATIONAL SURVEY

Mrs. Harry Wagner, Jr., president of the General Federation of Women's Clubs, has invited clubwomen across the United States to make a study of and express their views on four important foreign policy issues. In her words "The issues of our world must be addressed. The differences between people must be resolved."

Members of the Mattapoisett Woman's Club and members of the community who are interested are invited to attend a meeting to be held Thursday, February 3, at 9:30 A.M. at the home of Mrs. Marshall W. Ross, 8

Barstow Street to discuss: 1) Foreign Policy: Congress versus the President; 2) The Panama Canal; 3) Nuclear Proliferation; and 4) Moral Values and Foreign Policy. Short presentations from resource material provided by the General Federation will be made by Mrs. Frank O'Neill, Mrs. Joseph Holt, Mrs. Philip Murray and Mrs. Edward Carr. This will be followed by a discussion and evaluation by members attending. The results will be tabulated, sent to Mrs. Wagner in Washington where they will in turn be tabulated with those received from clubwomen across the country. The total results of the survey will be presented to the President of the United States, the Secretary of State and all members of Congress.

Anyone wishing to attend this meeting on Thursday morning is requested to contact Mrs. Ross in advance, 758-3814.

FREE CHILDREN'S CONCERT

An energetic group of Bishop Stang High School students who so beautifully performed in "Godspell" last summer at the Marion Art Center will repeat selected numbers from that show Sunday afternoon at the Tri-County Music Association's free children's concert at Old Rochester Regional High School auditorium.

Beginning at 3 P.M., the program will include a special medley of children's tunes, a special treatment of "It's a Small, Small World" and a grouping of theme music from TV shows.

Also, a name of a youngster in the audience will be drawn to take over Conductor John Pandolfi's baton and lead the Regional Symphonic Band.

The instrumental music for this occasion is made possible by funds supplied by the Recording Companies of America through the Music Performance Trust Funds of New York, a public service organization created

under agreements with the American Federation of Musicians.

The directors of the association say that this free concert gives them an opportunity to thank those who so faithfully support the organization's concert series.

second half but it wasn't enough and the
Orange team won 21-16. Scott Purtell was
the high scorer for the Orange team with
10 points and a nice foul shot by Matt
Murphy. For the Golds David Hubbard

M.E.C.A. Blood Drives

Mattapoisett Emergency Communication Association (MECA) announces the outcome of MECA's three recent blood drives. From ninety-two prospective donors from the area, one hundred eleven pints of blood were obtained. The three drives in conjunction with the Red Cross were held on May 21, August 18 and December 16, 1976 at St. Anthony's Church Hall.

Because of their donations, the total blood needs of their families including grandparents and friends will be met.

Anyone 18 to 66, in good health and weighing over 110 pounds is welcome to donate. Donors may contribute every 8 weeks or up to 5 times during a 12-month period.

MECA's goal is to provide enough blood to cover all Mattapoisett's citizens' needs. In order to attain this goal, there is a distinct need for more donors. If more people who are able to donate come forward, this will enable us to meet the needs of those
